EVERY ONE SHOULD
WORK OR FIGHT.

A decidedly critical—almost desperate—situation exists in regard to the labor supply.

Advices from Washington are that the present shortage of common labor in Essential War Industries amounts to one million men.

As a result of this condition vitally important war-work is being retarded all over the country.

The Midvale Steel Plant at Conestoga, Pa., manufacturing munitions for our army, has been forced to shut down part of the plant for lack of labor.

Unless 7,000 laborers and immediately forthcoming, construction work on the vitally important Electric Acid Plant at Brunswick, Ga., will cease.

Part of the construction work at Muskegon, Mich., (though not the Air Nitrates plant proper) has been ordered discontinued for the time being.

A similar condition prevails with other Essential War Industries. All this because of a lack of labor—while many men, rich and poor, white and black, are still idling and loafing; and thousands of others are frittering away their time in non-essential work.

The condition is a shameful one for the American people to face. It must be changed immediately.

Unless we speed up the work of production in this country, the American Army in France, whose glorious achievements have thrilled the Nation, will face the coming winter with insufficient supplies; our progress toward victory over the Hun will be retarded, and eventually widespread want will confront our people.

Labor shirkers cannot ease their consciences by purchasing Liberty Bonds and War Savings Stamps at 4 per cent interest!

W.S.S.—
UNITED STOCK COMPANY.

The United Stock Company, which comes to the Warfield Theatre for a week's engagement, beginning Monday Sept. 16, is said to be the leading popular price dramatic company touring the South. Every play presented is selected from Broadway successes. Such plays as "The Eternal Magdalene," "Jules Arthur's great success," "Under Cover," "A Full House," "The White Slaves," "The Turning Point," "The Devil," "Married Life," "The Wishing Bone," etc., all are to be seen.

The best of these will be selected and produced next week, opening with "The Eternal Magdalene" Monday night. Just one visit will convince you that this is without exception the biggest and best company ever seen in Pascagoula. So highly is the company regarded that the management will guarantee to refund the admission price to anyone dissatisfied if the show is not as represented—the "best."

One show given each night, commencing at 8 o'clock. High class vaudeville between acts. No waiting—two hours continuous performance. Plays, scenery, specialties, etc., changed daily.

AMERICAN DRIVE MAKES PROGRESS.

Closing in on Germans on Two Sides—
9,500 Prisoners Captured.

London, Sept. 13.—General Pershing's forces in their attack on the southern side of the St. Mihiel salient, have advanced for a distance of eight miles. The assault was made on a front of fourteen miles.

The Americans this morning were making rapid progress in their continuation of their drive.

German prisoners say the American attack was expected, but it was delivered so rapidly that they had no time to put up a stubborn resistance when they were ordered to Pannes, which was energetically defended by the Germans, was easily captured by the Americans.

The Americans are reported to have captured Vigneulles, seven and a half miles north of Xivray, through which the former line ran.

General Pershing's troops also said to have captured Beney, Heudicourt, and the Bois des Thilcourt.

If these places really have been captured, the neck of the St. Mihiel salient has been narrowed to less than six miles and if the two German divisions reported last night to be in the area, they are there, it is decidedly probable that they will be able to be driven out.

The Germans are being up ammunition dumps at Hattviller and Dombouy.

General Pershing's troops so far have captured 9,500 prisoners and have taken sixty German guns.

On the west side of the St. Mihiel salient where the country is much more difficult and where the German resistance has been more determined, the Americans have made an advance of three miles in a twelve-mile front.

CITY BEAUTIFUL.

(BY MARTIN TURNBULL.)
A little renovation here and there gives lustre to the city's welfare.

Pascagoula on the sea has clambered up to the top of industrial position—safe and solid and wide-awake.

A glance through the purpling and silver lining reveals harvest days. Pascagoula is destined to become a city of maritime importance. It is blessed with healthful surroundings, natural drainage and a variety of pleasure on land and sea, with genial companionship thrown in.

With the opening of the colleges and schools throughout the country, Study history, geography, astronomy, mathematics, natural sciences and choose a trade or calling.

It is best to earn your money before you spend it. Work is plentiful and wages high—save and buy Liberty Bonds.

SCHOOL NOTICE.
All Jackson county free public schools open first Monday in September, with the exception of Daisy Vestry, Woodrow Wilson of Wade, Lyon consolidated and Vancleave. These three schools lack teaching and building force, and will begin operation as early as possible.
